PRE-SALES- / IT-CONSULTANT (M/F/D)

Full-time / permanent / Location: Hilden

ituma GmbH is a successful and financially independent German IT company based in Hilden near Düsseldorf. As one of the market leaders in Europe, we have been defining intelligent enterprise solutions in the network since 2010. Since 2014, we have been part of the globally active Logicalis Group and complete the portfolio with our expertise as a value-added service provider and software specialist in the areas of network automation, software-defined networking (SDN) and business intelligence. Our employees are experts in their field with an extra portion of IT DNA, who look beyond their technical horizons and realize innovative ideas together.

The task area

"Your playground"

- Consulting and conception of our software and network solutions
- Interface between customers and our DevOps team
- Technical qualification of tenders
- Accompanying and independently organizing customer meetings with sales partners and vendors
- Expanding and advising partner and direct sales for enterprise and service provider customers
- Creation of offers including service descriptions

As experts in sustainable network solutions, we have been doing pioneering work for years. Our strategic partnerships with well-known hardware manufacturers enable us to proactively respond to short-term changes in the market. We always integrate the latest standards for our customers and supplement smart processes in the infrastructure. Our products are data-driven and open-interface platforms that act as a link between a wide variety of systems to ensure smooth, automated and human-machine communication.

Knowledge and skills

"Your toolbox"

- High IT affinity and experience in the areas of networks, enterprise hardware and software, preferably with Cisco and NOKIA technologies
- You are no stranger to the terms LoRa, Core Networks, P5G and W-LAN
- Innovative spirit and sensitivity for market developments
- Knowledge of project calculations, project management, sales strategies and contract design
- Presentation and moderation skills
- High level of consulting skills
- Business fluent German and very good written and spoken English skills
