WEB DESIGNER / DEVELOPER FRONTEND (F/M/D)

Full-time / permanent / Location: Hilden

ituma GmbH is a successful and financially independent German IT company based in Hilden near Düsseldorf. As one of the market leaders in Europe, we have been defining intelligent enterprise solutions in the network since 2010. Since 2014, we have been part of the globally active Logicalis Group and complete the portfolio with our expertise as a value-added service provider and software specialist in the areas of network automation, software-defined networking (SDN) and business intelligence. Our employees are experts in their field with an extra portion of IT DNA, who look beyond their technical horizons and realize innovative ideas together.

The task area

„Your playground“

- Conception and implementation of modern, user-friendly web designs
- Developing interactive web applications with a focus on UX/UI principles and responsive design
- Participation in design processes
- Programming JavaScript applications
- Further development and maintenance of the frontend for our aduno® product
- Responsibility for the exchange of experience within the development team

Knowledge and skills

„Your toolbox“

- Completed training, a degree or comparable practical experience
- 2-3 years of experience in web development
- good knowledge of HTML and CSS - experience with Twig (Symfony) and/or SCSS does not hurt
- good knowledge of JavaScript
- ideally experience in release management (version management with Git/SVN)
- Test procedures such as unit tests and acceptance tests are no foreign words
- You are confident enough to occasionally design a PDF or PowerPoint slide
- Willingness to learn, creativity and motivation
- Enjoy working in a team
