

Why ituma?

Are you at home in the IT environment and have you not only supported highly complex IT projects, but also actively managed them? Do you act instead of react?

Do you come across as confident, take responsibility and are used to dealing with customers on an equal footing – even in challenging situations?

And you move confidently between the technical details and the management level, can translate requirements, set priorities and consistently lead projects to success? The interplay of network IT, platforms, IoT environments and critical

We are waiting
for you.
What are you
waiting for?

infrastructures appeals to you – and you want to shape rather than just manage?

Then you've come to the right place and have the chance to get started as part of our team!

IT PROJECT MANAGER FOR SOFTWARE & NETWORK END-TO-END SOLUTIONS (M/F/D)

Full-time / permanent / location: Hilden

ituma GmbH is a successful and financially independent German IT company based in Hilden near Düsseldorf. As one of the market leaders in Europe, we have been defining intelligent enterprise solutions in networking since 2010. In 2014, ituma became part of the globally active Logicalis Group, completing its portfolio with expertise as a value-

added service provider and software specialist in the areas of network automation, software-defined networking (SDN) and business intelligence. Our employees are experts in their field with an extra dose of IT DNA, who think outside the technical box and work together to realise innovative ideas.

The area of responsibility

„Your playground“

- **Overall responsibility** for the planning, management and implementation of demanding end-to-end IT and infrastructure projects
- **Central leadership** role in communication between customers, internal technical teams and management
- **Organisation** of workflows as well as coordination and motivation of interdisciplinary project teams from networking, software, platform, engineering and operations
- **Responsible management** of schedules, budgets, resources and project goals – from conception to go-live
- **Active stakeholder and customer management**, including requirements gathering, coordination and escalation management
- Ensuring **quality**, documentation, transparency and sustainable project handover to operations
- Close **collaboration** with IT operations, product development and engineering in highly critical environments

Knowledge and skills

„Your toolbox“

- **Strong communication skills** with persuasiveness, extremely high customer focus, confident manner – even in highly critical project situations
- **Strong organisational skills**, strong ability to prioritise complex tasks and manage parallel projects in a structured manner
- **Several years of professional experience** in IT project management, ideally in infrastructure, network or carrier-oriented platform projects
- Very strong **leadership personality** with persuasiveness and assertiveness, decision-making ability and sense of responsibility
- **Good, strong technical understanding of:**
 - Development of IT architectures with scaling strategies
 - Network technology and administration (Linux, Docker, network software)
 - IT security infrastructures, monitoring, routing & switching, WiFi
- **Structured approach to work** and ability to clearly prioritise complex issues
- High level of competence in **analysis**, troubleshooting and stable operational management

– 1 / 2 –

Nice to have

„Your extras in your luggage“

- Experience with classic or hybrid project management methods
- Practical experience/certification in service management (ITSM)

What we can offer you

‘Your treasure chest’

- A career with a future-proof company with a **unique corporate culture**
- A **modern and fair remuneration model** based on your qualifications, responsibilities and success
- A **good work-life balance** with 28 days of holiday
- **High-end equipment** for your new role
- A wide range of **training and certification opportunities**
- We offer you the option of **working from home**
- We have a ‘**no dress code**’ policy in the office – wear whatever you feel comfortable in!
- The option of a subsidy for a **company pension scheme**
- **Free hot and cold drinks**
- A **sports and trampoline park** close to the office (Sportpark Hilden / HiFly)
